Mold Making

## EXPERIENCE

### *Director of Modeling, Roomie*

-Full Time, Contract, October 2021-Present

In charge of creating architectural and product models designed for real time display, managing workflow and process specifications, and packaging 3D assets for web-based viewing in accordance with up-to-date, industry standard e-commerce guidelines.

### *3D Technical Designer, Prime Exhibits*

-Full Time, 2019-20; Contract 2020-Present

Responsible for modeling trade-show booths that represent company services and design intent to clients, managing digital asset library, streamlining workflows for 3D content creation, producing CAD drawings for manual and CNC production, and preparing graphics for print.

### *Upholsterer, Fox Creek Upholstery*

-Full Time, 2018-19

Worked on a range of upholstery projects. Stripped original covers; made necessary repairs and alterations; drafted and cut patterns in new fabric; sewed, fit, and finished new covers. Carried out onsite deliveries and installations. Maintained equipment and designed shop furniture.

### *Contract Fabricator, Pneuhaus, LLC*

-Summer, 2018

Assisted in the production of large scale inflatable works. Primary tasks included drafting and cutting patterns, basic sewing, and assembly. Followed shop drawings and diagrams as part of a team working efficiently to accomplish complex projects with many parts.
